Newsletter n°2

Edited by INDEPCIE

Dear reader,

After the first newsletter, here is the second edition with the latest news from our EURHOPE project!

Now that you know the objectives, target groups, project partners and information about the meetings we have held so far, we bring you the results we are going to work on during the 30 months of the project:

- **Result 1. Training Toolkit:** Design and implementation of training interventions aimed at providing the basic knowledge and skills to be able to participate in society. These trainings will address 3 main topics:
 - Digital and life skills
 - Socio-political knowledge
 - EU Training
- **Result 2. Methodological Vademecum:** Opportunity for children to discuss issues of global and European interest, to imagine the kind of society they would like and to undertake small actions of civic participation to take the first steps towards achieving this vision.

And where will you find all this content? On our recently launched
OFFICIAL PROJECT PLATFORM:
