Edited by Metacometa APS

Dear Readers,

We are really pleased to present the Facebook and Instagram pages related to the project

Aimed to increase the communicative impact of the project, above all by encouraging external communication and the engagement of those who will be interested in following the evolution of the project, two pages have been created on Facebook and Instagram.

The first posts were published to describe the aims of the project, its characteristics and the composition of the partnership according to the contents approved by the partnership itself and coordinated by Metacometa aps in charge of communication.

Each partner commits to sharing the experience also on their social network pages, highlighting the importance of the partnership and the aims of the project.

Who are our partners? 😊

Cuore – Impresa Sociale was founded by a group of professionals with more than 20 years' experience in the field of training and active policies. Their commitment is to put their skills at the service of the community, with the aim of creating more growth opportunities for all.

Cuore – Impresa Sociale was born out of a desire to create a more inclusive society and provide more equitable educational and growth opportunities for all. We work actively to combat educational poverty, promoting projects and services that guarantee children their right to learn, train, develop skills and competences and cultivate their aspirations and talents.

Kick-Off Meeting in Cordoba

On 23 April 2024 EURHOPE partners had the opportunity to meet face-to-face for the first time at the headquarters of our partner Córdoba Acoge, in Córdoba, Spain.

This initial meeting allowed us to start the first steps on our Training Toolkit and Methodological Vademecum and to address the national realities of the minors and positive adults who will participate in the project in the near future.
