Dear reader,

On behalf of the entire EurHope's consortium we welcome you to this first newsletter of the project!

The EurHope project is an Erasmus+ project funded by the European Commission that involves 7 different partners: Cuore impresa sociale, Metacometa APS and Progetto famiglia-Centro Studi Affidato from Italy; EllinoAmerikanikh Enosi (American Union) and Arsis Koinoniki Organosi Ypostirixis Neon from Greece and Cordoba Acoge and Indepcie from Spain.

The project focuses on the involvement of young people outside the family in educational and awareness-raising campaigns aimed at developing the socio-political knowledge set and life skills to increase their effective participation in society. At the same time, the involvement of adults will aim to raise their awareness regarding the issue of welcoming minors outside the family through positive models of active citizenship.

In the first months of the project's start-up, the partners carried out programmatic and coordination activities through meetings on a digital platform and regular exchange of emails.

The presentation of the project, prepared by the lead entity, Cuore impresa sociale, took place in March 2024. The meeting marked the start of the construction of solid foundations aimed at defining the methodologies, the activities that will involve each partner, their responsibilities and the planning of the kick-off meeting, to be carried out in person.

The kick-off meeting was organized thanks to the collaboration with the partner Cordoba Acoge in Cordoba on 23rd and 24th April. It gave the partners the opportunity to get to know each other and discuss issues related to the definition of programmatic activities, identifying effective work and communication strategies (both internal and external). The first step was to redefine training activities, communication and dissemination plans and tools to ensure quality standards according to the European model.

Each partner was ready and enthusiastic to start this project, paying attention to the importance to be dedicated to the identification of the target groups involved, as well as to the impact that each activity will produce on the territory.

Certain that this is just the beginning,
We look forward to seeing you on the next newsletter!

EURHOPE - EU AS A SOLIDARITY'S HOUSE
